

NICHOLAS CAVACIUTI

Boca Raton, FL 33498 | 561-757-9240 | cryologix22@gmail.com

PROFESSIONAL SUMMARY

Operations and process-focused professional with over a decade of experience in high-volume, high-variability environments where judgment, consistency, and execution directly impact outcomes. Strong background in workflow organization, training, documentation, quality control, and structured problem-solving, with a practical approach to improving how systems operate day to day. Known for maintaining clarity under pressure and using technology as a force multiplier to support human decision-making. Currently completing a frontend development program with hands-on experience building and deploying responsive applications using HTML, CSS, JavaScript, REST APIs, Git, and GitHub.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript, Responsive Web Design

Development Tools: Git, GitHub, GitHub Pages, VS Code, Chrome DevTools

Web Development: REST APIs, DOM Manipulation, Local Storage, Responsive UI Development

Currently Learning: React

SELECTED PROJECTS

ShinyDex - Frontend Web Application | HTML, CSS, JavaScript, PokéAPI

- Built a responsive Pokémon web application using live API data, dynamic rendering, filtering, responsive navigation, and loading states.
- Deployed with GitHub Pages and managed source control with Git/GitHub.

Exclusive E-Portfolio - Personal Developer Portfolio | HTML, CSS, JavaScript

- Built and deployed a responsive portfolio showcasing frontend projects, live-site links, GitHub repositories, interactive UI behavior, and JavaScript functionality.

PROFESSIONAL EXPERIENCE

Domino's Pizza - Boca Raton / Delray Beach, FL

Assistant Manager | August 2025 - Present

- Maintained service continuity and operational accuracy during peak demand, supporting \$3K-\$11K in daily sales through real-time coordination of labor, inventory, and floor execution.
- Reduced escalations and repeat issues through structured problem-solving, clear communication, and on-the-spot decision-making.

Papa John's - Delray Beach / Boynton Beach, FL

Kitchen Manager / Operations Lead | February 2012 - August 2025

- Designed and reinforced repeatable workflows that reduced food waste and process errors by approximately 6-18%, improving execution consistency across rotating teams.
- Owned daily operations over multiple years, maintaining consistency across labor control, inventory accuracy, training, and quality standards in a high-volume environment.

Silver Star Provisions / Boar's Head - Delray Beach / Boynton Beach, FL

Warehouse Selector / Driver | February 2019 - December 2022

- Maintained warehouse accuracy and operational flow by enforcing FIFO inventory discipline, validating orders, and adhering to documentation and handling standards in a high-volume environment.
- Completed delivery routes serving 24 primary stores and 50+ independent shops, maintaining consistent on-time performance and route efficiency.

EDUCATION & PROFESSIONAL DEVELOPMENT

Front End Simplified - Frontend Development Program

In Progress | 2026

HTML5, CSS3, JavaScript, Responsive Web Design, Git/GitHub, REST APIs; currently studying React and modern frontend development workflows.

West Boca Raton High School - Diploma
