Professional Summary

Operations and process-focused professional with over a decade of experience working inside high-volume, high-variability environments where judgment, consistency, and execution directly impact outcomes. Strong background in workflow organization, training, documentation, and quality control, with a practical approach to improving how systems operate day to day. Known for translating standards into repeatable processes, maintaining clarity under pressure, and using technology as a force multiplier to support, not replace, human decision-making. Effective independently or within distributed teams, especially in roles that require structure, accountability, and continuous improvement.

Professional Experience**Domino's Pizza — Boca Raton / Delray Beach, FL**

Assistant Manager (August 2025 – Present)

- Maintained service continuity and operational accuracy during peak demand, supporting **\$3K–\$11K in daily sales** through real-time coordination of labor, inventory, and floor execution.
- Reduced escalations and repeat issues through structured problem-solving, clear communication, and on-the-spot decision-making.

Papa John's — Delray Beach / Boynton Beach, FL

Kitchen Manager / Operations Lead (February 2012 – August 2025)

- Designed and reinforced repeatable workflows that reduced food waste and process errors by approximately **6–18%**, improving execution consistency across rotating teams.
- Owned daily operations over multiple years, maintaining consistency across labor control, inventory accuracy, training, and quality standards in a high-volume environment.

Silver Star Provisions / Boar's Head — Delray Beach / Boynton Beach, FL

Warehouse Selector / Driver (February 2019 – December 2022)

- Maintained warehouse accuracy and operational flow by enforcing **FIFO inventory discipline**, validating orders, and adhering to documentation and handling standards in a high-volume environment.
- Completed delivery routes serving **24 primary stores and 50+ independent shops**, maintaining consistent on-time performance; regularly handled the **high-volume independent route on Fridays**, requiring route efficiency and delivery precision.

Education

Palm Beach Community College — Information Technology

West Boca Raton High School — Diploma

Core Skills

Operations Management, Process Optimization, Workflow Design & Organization, Structured Problem Solving, Decision-Making Under Pressure, Quality Control & Standards Enforcement, Documentation & SOP Development, Training & Onboarding, Inventory Control (FIFO, accuracy), Labor Planning & Scheduling, Continuous Improvement, Operational Analysis, Technology-Assisted Productivity, Human-in-the-Loop Systems, Cross-Functional Communication
